## **ABOUT THE COMPANY**

We provide all kinds of technological and designing solutions from Billing Software to Web Designs or any custom demand that you may have. Experience the service like none other!

Some of our services include:

Development - We develop responsive, functional and super-fast websites.

We keep User Experience in mind while creating websites. A website should load quickly and should be accessible even on a small view-port and slow internet connection.

Mobile Application - We offer a wide range of professional Android, iOS & Hybrid app development services for our global clients, from a start up to a large enterprise.

Design - We offer professional Graphic design, Brochure design & Logo design. We are experts in crafting visual content to convey the right message to the customers.

Consultancy - We are here to provide you with expert advice on your design and development requirement.

Videos - We create a polished professional video that impresses you

## **STEPS TO ACCESS SUBMITTED FILE IS GIVEN BELOW :**

- Download the zip file uploaded through google link
- Download xampp in your pc:

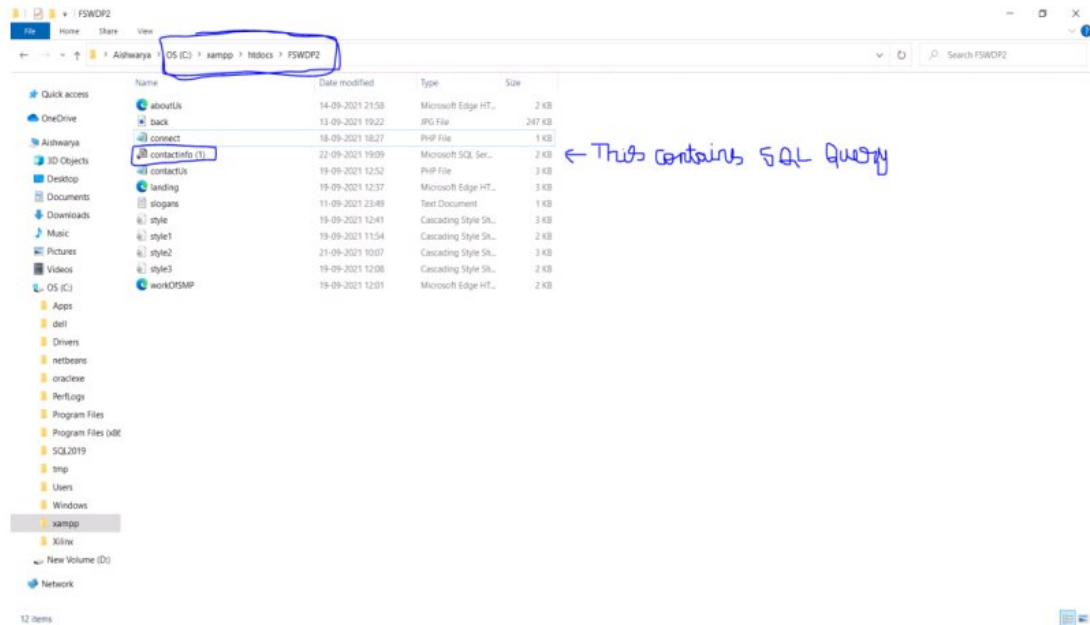

- In the above shown fig, start and click on admin of my sql
- You will be directed to this page(shown in below fig), then  
In sql paste the content(i.e query of table)of contactinfo file  
Present in zip file.

- Paste the zip file inside the xampp to do that go to my computer->xampp  
->htdocs->paste the zip file.

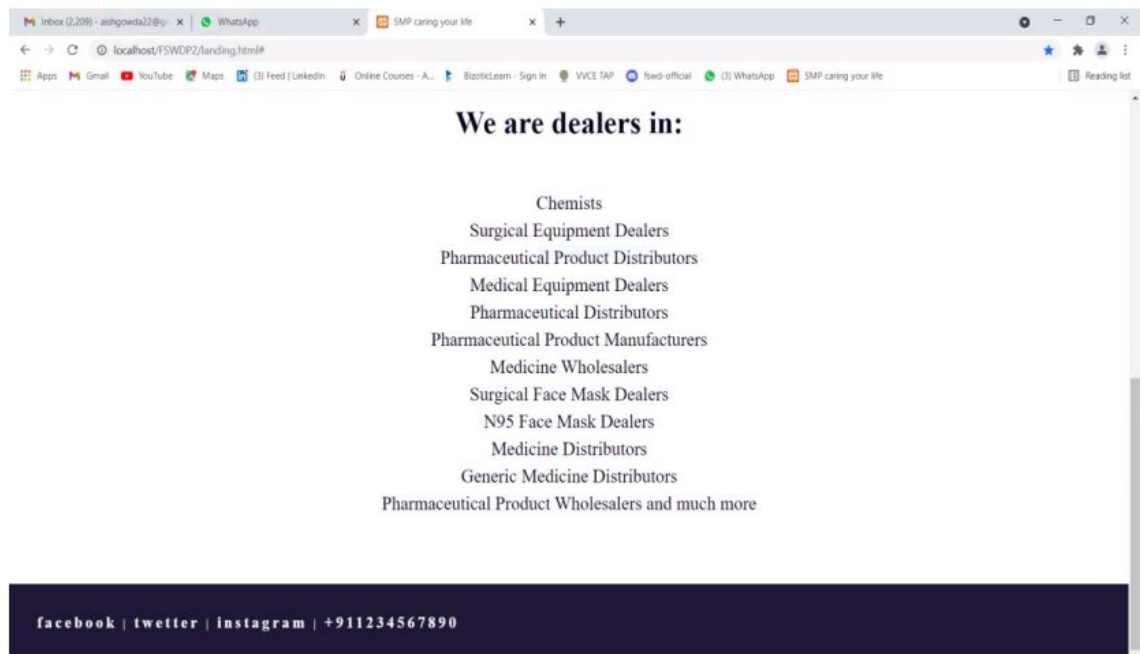

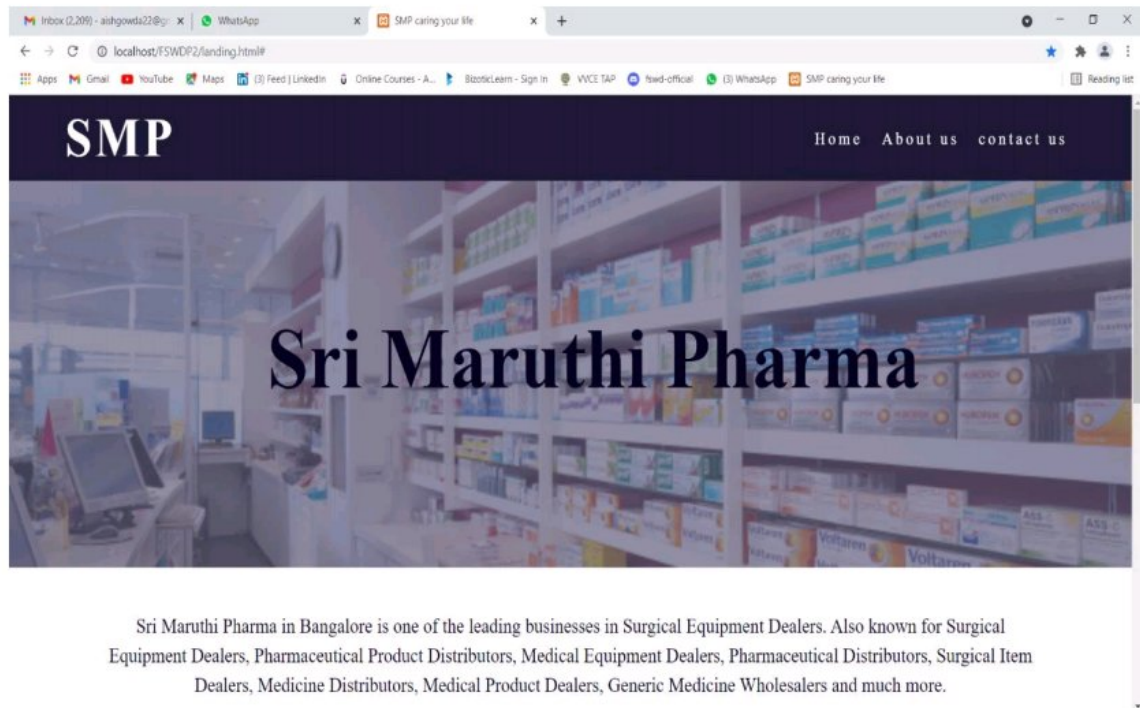

P1

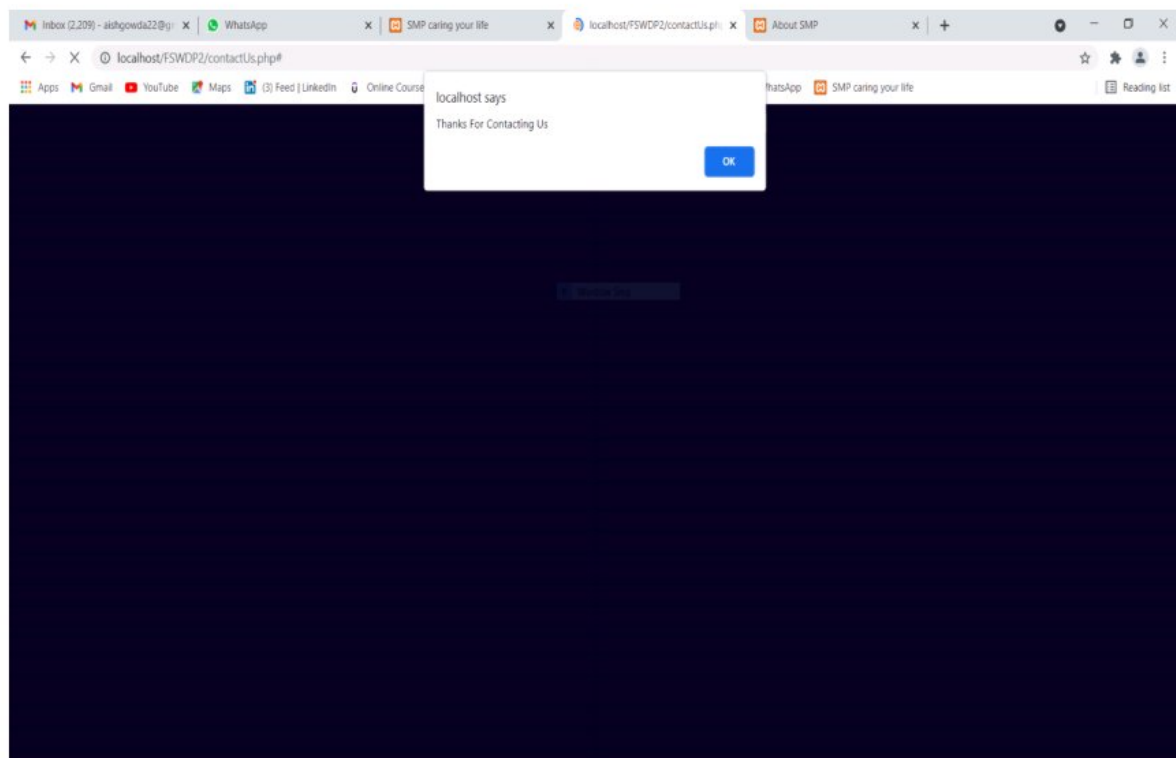

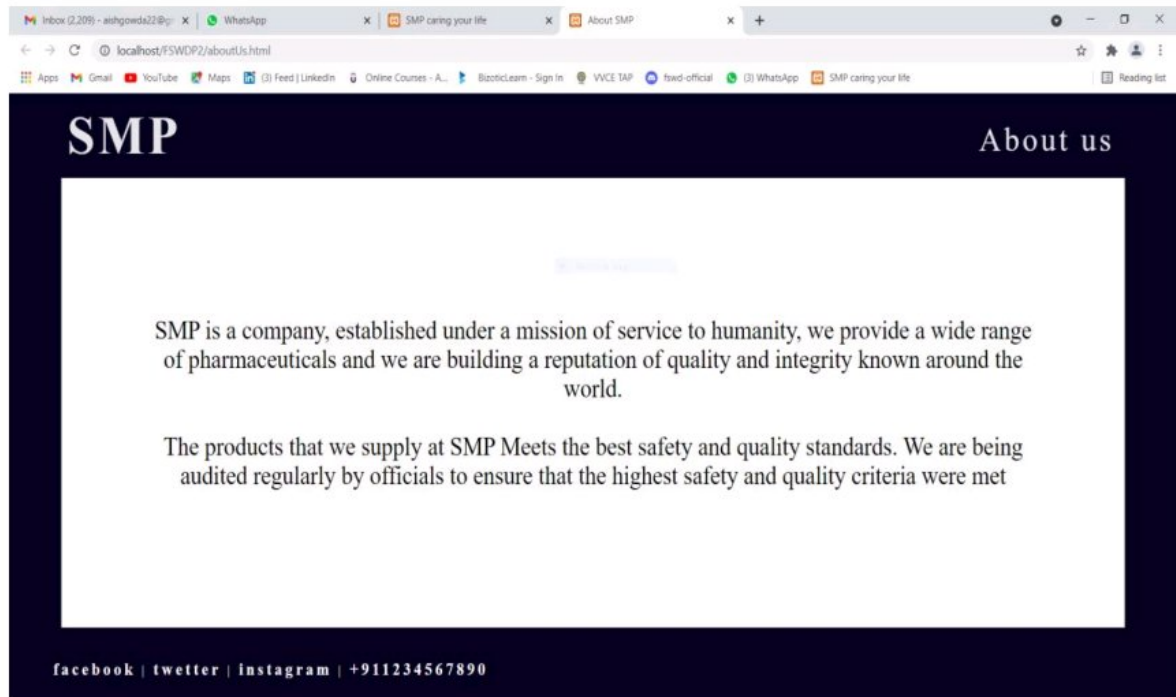

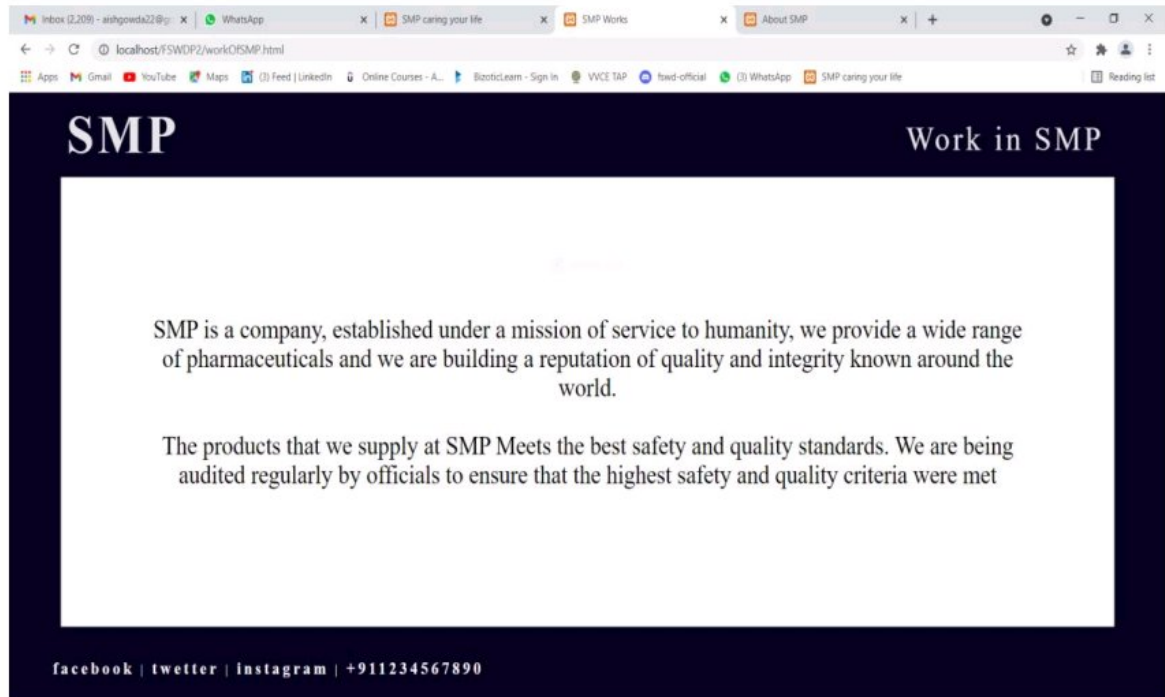

- Go to google and type "http://localhost/FSWDP2/landing.html#" u can see the working of our project

## **ABOUT MY TEAM:**

-

Following are the team members who contributed from the bottom of their heart throughout the entire process:

- Aishwarya Gowda C - 4VV18EC002: I am the team lead and have designed the webpage using tools such as html, css to write line of code, paragraphs, links, images, video clips, background color, font size etc. by discussing with other team members
- Rohit Patil – 4VV18EC120: I have gone through many researches, collected data from various resources and gathered all the information required for webpage design and helped other team members.
- Sandeep – 4VV18EC128 : I have prepared the report of our project assigned by our mentors by collecting the data from my teammates, collected images and video clips from various websites for web design.

**\*THANK YOU**
